

## Unified Health System – SUS

UNILA's Student Health Care is carried out through the Unified Health System (SUS), which is one of the largest public health systems in the world. It ranges from simple outpatient care to organ transplantation, ensuring comprehensive, universal and free access for the entire population of the country.

## How to access SUS?

To have access to SUS, students must carry the National Health Card (SUS Card). Students who do not have it will be able to do so at the Basic Health or Family Health Unit (UBS or USF) closest to their home. For Brazilian students, it is necessary to present proof of enrollment (issued by SIGAA), proof of residence, CPF and RG. For non-Brazilians, it is necessary to present proof of enrollment (issued by SIGAA), proof of residence (issued by PRAE), CPF and RNE.

## Looking for Assistance/Health Care

O atendimento à saúde em Foz do Iguaçu é territorializado, ou seja, os estudantes são atendidos na UBS ou USF mais próxima de sua residência. Após estabelecer sua residência, é importante descobrir qual a unidade de saúde mais próxima. Elas funcionam em horários diferentes e oferecem uma série de serviços de saúde. Informe-se sobre os horários e quais serviços estão disponíveis em sua unidade.

Advise: For assistance at the UBS or urgency and emergency care always take the SUS Card and your personal documents.
